

JANTEX SOFTENER JT3

- DESCRIPTION:** Jantex Softener JT is high solids, non-ionic emulsion softener designed specifically for compatibility and maximum performance in water base print colors and bases.
- APPLICATION:** Jantex Softener JT gives pigment-printed fabrics a super soft, smooth hand. Can be added to base formulas or ready for use colors. This product has been known to improve crock fastness when used in low concentrations.
- PERFORMANCE:** Use 2-4%, by weight, in the base or print color for extra softness and excellent coverage. Good color yield. Does not release gas.
- CLEAN UP:** Cleans up with water.
- PROPERTIES:** White fluid emulsion.
- STORAGE:** Keep from freezing and away from direct sunlight. Store between 55° to 90° F for no more than 6 months. Keep lid on when not in use and stir prior to pulling from drum. Keep out of reach of children.
- SAFETY:** Always wear protective eye wear and clothing when mixing color. Refer to Material Safety Data Sheets for additional information.
